

*International Workshop and Panel on
Integrated Researches for Advanced Technologies,
synthetic Environments & Simulation*

I-PIRATES

*Bequia, St. Vincent & the Grenadines
Plantation House Hotel and Resort
December 8-11, 2005*

Panels

*Simulation Security &
Intelligence*

*Next Generation in M&S
Technologies*

*Simulation Professional
Education.*

Applications:

- Business Intelligence
- Decision Making
- Emergency Planning & Management
- Human Resource Management
- Intelligent Forecasting
- Information Support Systems
- Logistics Networks
- Military Applications
- Operation Planning
- Project Management
- Public Services
- Security & Intelligence
- System Design
- Training

General Chair

A.G. Bruzzone

McLeod Institute of Simulation Science

Program Chair

Priscilla Elfrey

NASA, KSC

Topics:

- Artificial Intelligence
- Artificial Neural Networks
- Data Fusion
- Data Warehousing
- Decision Support Systems
- Education & Certification
- Environment Management
- Fuzzy Logic
- Genetic Algorithms
- Human Modelling
- Industrial Engineering
- Knowledge Based Systems
- Supply Chain Management
- Swarm Intelligence

I-PIRATES: Setting up New Projects

This meeting is devoted to establish a summit for experts interested in driving M&S developments; I-PIRATES goal is to bring together subjects interested in establishing **new joint projects and initiatives for business and R&D in simulation.**

For this reason this International Workshop is organized currently on specific proposed lines such as: **Simulation Security and Intelligence, Next Generation in M&S Technologies, Simulation Professional Education.**

Final goal is to setup some joint project proposals; for achieving this results, it was decided to organize a work meeting point in the relaxing framework of Caribbean Islands with a timing that perfectly matches with two major classical simulation events:

-IITSEC, Nov 28 - Dec 1, 2005, Orlando, FL

-Wintersim, Dec 4-7, 2005, Orlando, FL

So just in case you plan to be in Orlando next december, we will welcome you in Bequia (easy flight connection from Florida) for setting up new opportunities and business in M&S.

I-PIRATES: A Splendid Location

I-PIRATES will take place December 8-11, 2005, in **Bequia**, just few hours flight from Miami International Airport and provides an unique opportunity to experience one of the most beautiful Islands of the Caribbean.

I-PIRATES will be held in the elegant and luxury "**Plantation House Hotel and Resort**" including Italian top quality restaurant; the site is a former colonial residence with long tradition in business/financial meetings, including Deluxe Rooms, Cabanas & Suites surrounded by an immense, fragrant tropical garden, in front of splendid beaches caressed by clear waters (www.hotel-plantation.net).

Special arrangements for flight connections will be available for simulationists present in Orlando to Wintersim-IITSEC, while special flight rates will be available for connections through NYC, Miami, London and Paris. During the event excursions will be arranged to unspoiled islands such as Mustique, "Petit Mustique" and the incomparable Tobago Cays.

I-PIRATES Registration, Hotel

I-PIRATES Registration fee

Full Workshop Attendance, Proceedings on CD, welcome party and two dinners included

400 USD

I-PIRATES Hotel Special Rate

This Rate Includes Breakfast & Service

185 USD/day Single Room

185 USD/day Double Room

I-PIRATES Special Individual Vacation Package

Registered Attendees to I-PIRATES could benefits of a special individual vacation package as alternative to Hotel Special Rate for extending their stay in Caribbean to one full week and staying in "Coconut" Cabana (double room) for 7 days, Breakfasts, four dinners and service included

690 USD / 7 days

2005 Location: Plantation House Bequia, St. Vincent & The Grenadines
