

# International Mediterranean Modelling Multiconference

[Claudio Congress Center, Bergeggi](#)

[Italian Riviera](#)

**October 4-6 2007**

[www.liophant.org/i3m](http://www.liophant.org/i3m)

[European Modelling & Simulation Symposium](#)

[New Simulation Project Workshop](#)

[McLeod Institute of Simulation Science International Workshop](#)

[Nanotechnologies Engineering & Modelling Outreach Workshop - NEMO](#)

[The International Workshop on Modelling & Application Simulation](#)

## Deadlines

- **Submission of Papers & Session Proposals: March 15, 2007**
- **Notification of Acceptance: May 2<sup>nd</sup>, 2007**
- **Final Camera-Ready Submission: July 15<sup>th</sup>, 2007**

## I3M 2007: New Edition

Next year the 4<sup>th</sup> edition of I3M will be held in Genoa area renovating the opportunity to have an International Multiconference involving different Modelling & Simulation areas and providing an ideal opportunity to meet together in the wonderful framework of the Italian Riviera.

### European Modelling & Simulation Symposium - EMSS

The EMSS represents the 19<sup>th</sup> edition of the classic autumn M&S event in Europe; therefore the Symposium is a really International meeting involving world experts in the area; EMSS last edition was held in [Barcelona](#) in 2006

### **New Simulation Project Workshop - NSP**

This event is the ideal framework for setting up European Community and International Projects and it is a framework for hosting project review and exploitation meetings; NSP welcome submissions for panel sessions on new simulation project proposal.

### **McLeod Institute of Simulation Science Workshop**

McLeod Institute of Simulation Science (MISS) is a Excellence Network involving 27 centers worldwide; in cooperation with the Society for Modelling & Simulation International, this workshop is a Meeting open to affiliated Centers and to external applicants.

### The International Workshop on Modeling & Applied Simulation- MAS

The [MAS Workshop](#) concentrates on applied M&S and computer technologies; application fields include production, business and services. Since [2002](#) it involves Industries and Experts discussing on the potential of M&S applied in real world.

### The International Workshop on Harbour, Maritime & Multimodal Logistics M&S - HMS

[HMS Workshop](#) is a traditional event and it was held successfully worldwide, usually in the surroundings of major international ports (i.e. [Genoa](#), [Marseille](#), [Riga](#), [Rio de Janeiro](#), [Barcelona](#)). It is focused on applications of simulation and computer technologies to logistics, supply chain management, multimodal transportation, maritime environment and industrial logistics.

### **Nanotechnologies Eng.&Modeling Outreach Workshop**

NEMO2007, as 3<sup>rd</sup> [edition](#) of a [meeting](#) featuring research on Nanotechnologies, provides an opportunity to present M&S used in developments of Nanotechnologies The workshop addresses scientists and engineers interested in recent advances on biology, chemistry and engineering

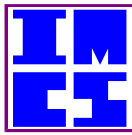

---

## I3M2007 General Chairs

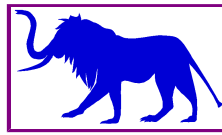

- **Agostino G. Bruzzone** - [McLeod Institute of Simulation Science, Genoa Center - University of Genoa, Italy](#)
- **Miquel Angel Piera** - [McLeod Institute of Simulation Science, Spanish Center – Universitat Autònoma de Barcelona, Spain](#)

---

I3M2007 is  
sponsored  
by:

[I3M\\_CS](#)
