

**The Society for Modelling
& Simulation
International**

www.scs.org

SCS Mission

Established in 1952, **The Society for Modeling & Simulation International** (SCS, originally Society for Computer Simulation and Society for Computer Simulation International) is a nonprofit, volunteer-driven corporation (dba Simulation Councils, Inc.).

SCS is the only technical Society dedicated to advancing the use of modeling & simulation to solve real-world problems. SCS is the principal technical society devoted to the advancement of simulation and allied computer arts in all fields. The purpose of SCS is to facilitate communication among professionals in the field of simulation.

SCS Membership

The Society for Modeling & Simulation International about 3000 members worldwide of different types:

- Institutional: Companies and Institutions
- Regular: Regular Members
- Student: Student Membership with special awards and Discounted Conference Rate (55USD)
- Life Recognition by the Society to Special Members
- Fellow Long Time Experience in Simulation
- Senior 5 years of Experience in Simulation
- Associate: People marginally interested in Simulation

SCS Conferences

SCS organizes several major events in North America:

WMC, 2004 San Diego
January

ASTC, 2004 Arlington
co-located with SISO SIW
April

SCSC2004, San Jose`
July

HSC2004, Huntsville
October

SCS is founder and Member of Society Panel organizing **Wintersim** (Washington DC, Dec 2004)

All Yearly Classical Events

SCS in Europe organizes two major events:

Magdeburg
May

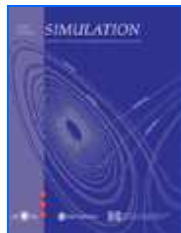

Budapest
October

SCS Journals

SCS publishes different International Journals

**The Journal of Defense Modeling and Simulation:
Applications, Methodology, Technology in Defense**

**SIMULATION: Transactions of SCS
Monthly Scientific International Journal**

**Modeling & Simulation Magazine
The general interest publication of the Society.**

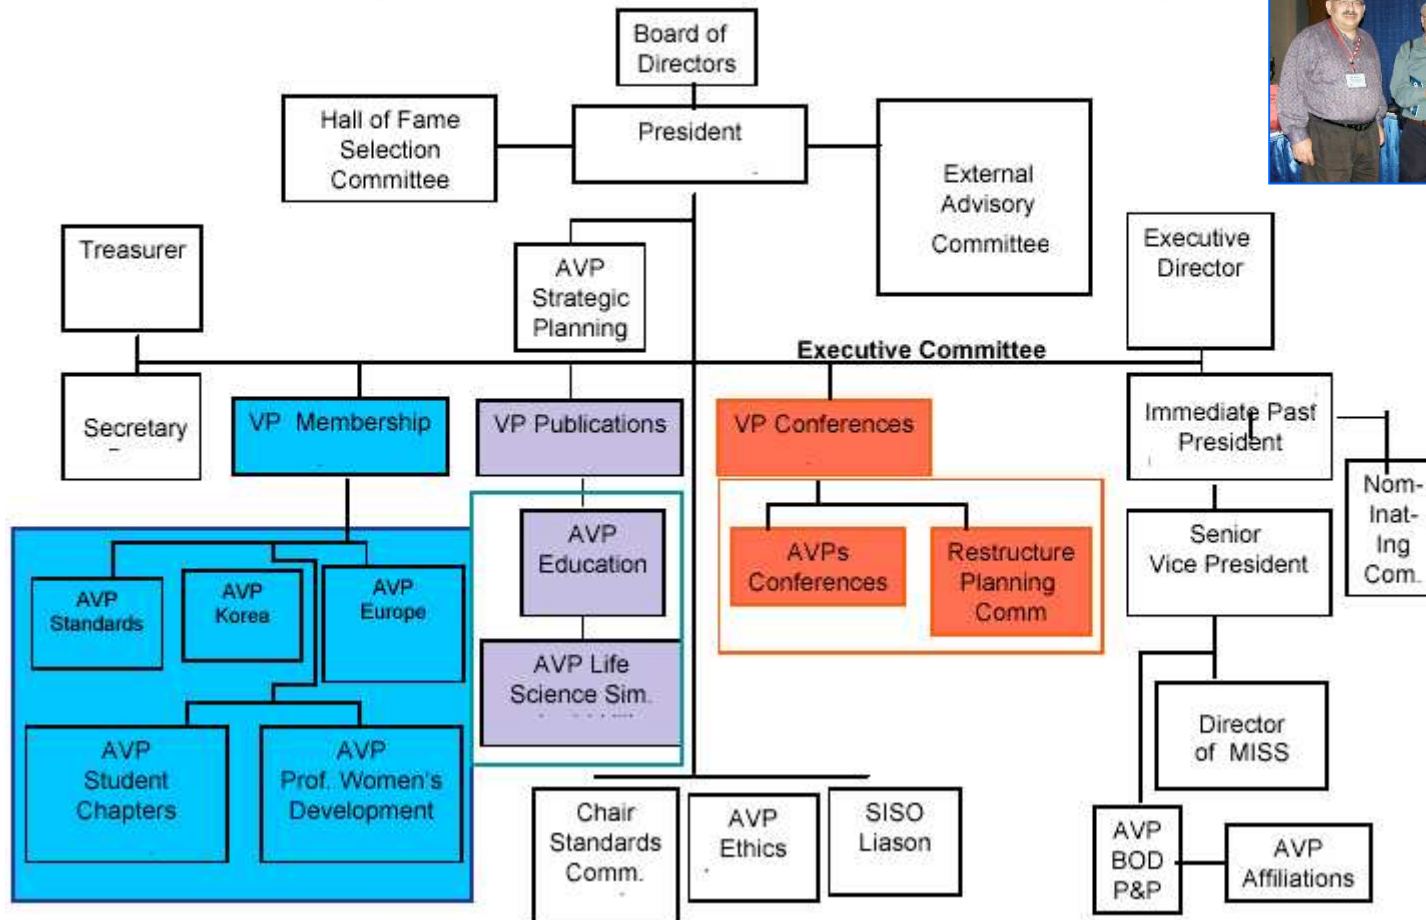

Sample Journal Articles in Downloadable PDF Files.

SCS Organization

SCS have a Board of Director (BoD) and an Executive Committee(Excom); the Society is organized in Regional and Technical Councils electing the BoD and a President that nominates Excom

Society For Modeling and Simulation

Regional Councils

SCS is divided in World Regions in term of Regional Councils:

Eastern North America Council

- **Western North America Council**
- **Southeastern North America Council**
- **Southwestern North America Council**
- **Chinese Council**
- **European Council**
- **Pacific Rim Council**
- **Mediterranean Council**

NEW

Technical Councils

SCS members could be affiliated to Technical Councils:

- **Applications in Management, Planning & Forecasting**
- **Applications in Social Sciences**
- **Education, Training & the Simulation Profession**
- **Theory & Methodology**
- **Tools & Technology**
