The 10th International Multidisciplinary Modelling & Simulation Multi-Conference

Athens, Greece
September 25-27, 2013

www.liophant.org/i3m

EMSS 2013
European Modeling & Simulation Symposium

DHSS 2013
Int.Defense & Homeland Security Simulation Workshop

IWISH 2013
The International Workshop on Innovative Simulation for Health Care

SESDE

IMAACA
Int.Conference on Integrated Modeling & Analysis in Applied Control & Automation

NSP
New Simulation Project Workshop

M&SNet
M&S Network Workshop

MAS 2013
The International Conference on Modeling & Applied Simulation

McLeod WORKSHOP
McLeod Workshop

HMS 2013
The International Conference on Harbor, Maritime & Multimodal Logistics Modeling & Simulation

General Chairs:
Prof.Agostino Bruzzone
Simulation Team, Genoa University, Italy
Prof.Yuri Merkuryev
Riga TU, Latvia

Program Chairs:
Prof.Francesco Longo
M&S Net MSC-LES, Italy

Simulation Team

I3M 2013: New Edition
Next year the 10th edition of I3M will renovate the opportunity to have an International Multiconference covering many different topics related to Modeling & Simulation in a sharp way and providing an ideal opportunity to meet together

European Modelling & Simulation Symposium - EMSS
The EMSS represents the 25th edition of the classic autumn M&S event in Europe; the Symposium is a really International meeting involving world experts in the area of M&S with special attention to methodologies, techniques and applications.

The International Conference on Harbour, Maritime & Multimodal Logistics M&S - HMS
HMS Workshop is a traditional event and it was held successfully worldwide, usually in the surroundings of major international ports. It is focused on applications of simulation and computer technologies to logistics, supply chain management, multimodal transportation, maritime environment and industrial logistics.

The International Conference on Modeling & Applied Simulation- MAS
The MAS Workshop concentrates on applied M&S and IT Solutions; application fields include production, business and services; since 2002 MAS involves Experts and Users discussing about M&S as enabling technology for business and industry in real world.

IMAACA Conference
IMAACA focuses on all applications relevant to control & automation problems emphasizing the role of model analysis as integral part of the complete design of the automated system.

The International Defense & Homeland Security Simulation Workshop
DHSS focuses on M&S advances within Defense and Homeland Security framework; DHSS Includes tracks on Cyber Defense, CBRN, Strategic Decision Making, SBA; DHSS is part of I3M and involves industrial, governmental and academic top experts in this areas

The International Workshop on Innovative Simulation for Health Care
I WHIS is directed to scientists, technicians, users and decision makers that are interested in the fast evolving and innovative sector of applying modern M&S within Health Care. The workshop is evolution of very successful tracks and workshops organized in previous conferences and it was established in 2012 as self independent international workshop

M&S Net New Simulation Project Workshop - NSP
This event is the ideal framework for setting up European Community, EDA and International Projects and it is an opportunity for hosting project review and exploitation meetings; NSP welcome submissions for panel sessions on new simulation project proposals.

M&S Net Workshop
The MS&Net workshop aims to create an evolving framework for sharing experience and knowledge in which participants have the possibility of effective cooperation. In the past joint international projects was presented in the workshop such as Smackdown involving NASA, Liophant, Aegis, Mak, Pitch, SISO etc.

The International Workshop on Simulation for Energy, Sustainable Development & Environment
SESDE is focusing on using M&S in applications related to Energy, Sustainability and Environmental Issues. Scientists and Subject Matter Experts in these sectors are invited to present innovative papers.

www.msc-les.org/conf/i3m2013

I3M Attendees, Speakers, Exhibitors & Media Partners

I3M exhibition provides and opportunity to Simulation Company and vendors to present their innovative solution to a wide audience; in I3M2011 Rome over 500 attendees were present, while I3M2012 Wien included over 240 speeches. Companies such as Aegis Technologies, CAE, Cal-Tek, Lio Tech, Mast, Miltech, Presagis acted as Industrial Sponsors, while Euromerci, Halldale, Medsim, MS&T, Inderscience, IJSPM, IJCI, IGI Global, IJPHIM served as Media Sponsors. For additional info on these issues please contact i3m@simulationteam.com

CAX Forum, McLeod Workshops & User Group Meetings

I3M is organized in synergy with NATO CAX Forum and includes often Project and User Group Meetings; in addition McLeod Workshops provide an opportunity for establishing new co-operations and setting up joint proposals involving excellence networks as well as international R&D Centers that are active in modeling and simulation.

Tutorial & Professional Courses

These M&S Professional Courses will be held in connection with I3M Multi-Conference; program, registration modules and tentative schedule are available on the web, please book them early. The M&S Professional Courses are organized in cooperation with MISS-DIPTEM University of Genoa, Simulation Team and with Patronage Liophant Simulation and include foreground assessment for Simulation Team Professional Certification Program.
Paper Submission

Extended abstracts, full draft papers or other proposals should be submitted for the review process through the conference website.

Each extended abstract must include the title, authors, affiliations, addresses, main body and references for proper positioning in the conference. Each paper will be reviewed by at least two members of the International Program Committee taking into consideration scientific quality, originality and relevance. Only original papers, written in English will be accepted.

Your camera ready paper must be submitted through the conference website. Authors of accepted papers are expected to attend the conference, present their works, transfer copyright and pay conference registration fees at the time their camera ready papers are submitted.

International Journals

Conference best papers will be directed to International Journals for inclusion through content extension. I3M2012 generated 6 Special Issues of top quality International Journals for best authors.

Deadlines

Paper submission	**June 15, 2013**
Notification of Acceptance	**June 20, 2013**
Final Camera-Ready Submission	**July 15, 2013**
