Facing Challenges without any Fear

Simulation Team, in co-operation with M&S Net, DIME Genoa University and Savona Campus Spes, is glad to provide this opportunity to experience a Project and face a Real Challenge

Savona Campus & Facilities

The University of Genoa includes a new campus in Savona about 2 km outside Downtown; bus services and large parking areas guarantee easy access

That structure has been obtained transforming Army barracks; today the campus includes a big park with facilities such as tennis courts and sport grounds

The campus holds Courses on Engineering, Communication Science, Medicine, Gyms, Economy and Education; new laboratories have been realised by different groups (Simulation Team Mobile Labs & HLA Lab, Combustion Lab, SIRE, CIMA Labs)

No Problems just Elegant Solutions

5000 Years ago stones of 4 tons were moved for 380 km and large blocks, up to 50 tons, from 30 km, located & stacked in order to construct the Site!

No Problems just Elegant Solutions

BIGGEST PYRAMID was completed 2560 B.C. in ~20 years: 146m high, 230m base with 1.52 cm tolerance, based on 4tons stones & monoliths up to 80 tons
14'000 workers with peaks of 40'000 people

No Problems just Elegant Solutions

2010 a.C. Marina Bay Sands, Singapore, 150m height, 15'000 workers, 2 year construction time, 6.4 bUSD investment (including 1bUSD for the land), current profit 2.16 bUSD per year

Project Leader Interactive Experience

Simulation Team

PROLIE is a Role Play Game that is combining Student Team Working and Problem Solving; the PROLIE aim is to introduce new generation talented Students inside the complex reality of Real Industrial Problems.

In PROLIE student classroom is divided in Color Team (i.e. Tigers, Wolves, Bears, Dragons); the Project is developed in phases and students have to interact with each other in order to solve problems.
